DETAILED ACTION

Drawings

1. The drawings were received on May 2, 2005. These drawings are acceptable.

Election/Restrictions

2. Claims 1 and 3 – 11 are directed to an allowable method. Pursuant to the procedures set forth in the Official Gazette notice dated March 26, 1996 (1184 O.G. 86), claim 2, directed to the process of making or using the patentable product, previously withdrawn from consideration as a result of a restriction requirement, is now subject to being rejoined. Claim 2 is hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Since all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, the restriction requirement made in the Office action mailed on October 7, 2003 is hereby withdrawn.

EXAMINER'S AMENDMENT

3. The Applicant's representative was contacted to amend the rejoined claim 2, in view of amendment filed for other claims.
4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert M. McDermott on May 12, 2005.

The application has been amended as follows:

In claim 2, the word "further" in lines 3, 5 and 10 has been deleted and the word -
- second - - was inserted.

Allowable Subject Matter

5. Claims 1 – 11 are now allowed.

6. The following is an examiner's statement of reasons for allowance:

Claims 1 – 11 recite, inter alia, a method of manufacturing a plurality of display cells comprising the steps of arranging at least a first group of electrodes and a second group of electrodes for driving pixels via switching elements on a first substrate. The art of record does not disclose or anticipate the above limitation in combination with other claim elements nor would it be obvious to modify the art of record so as to form a device including the above limitation.

Conclusion

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
